Which movement fits to a particular sound or music? Can movements also make music?
Which sounds makes your body?

Children dance and move in the workshop on different kinds of music and sounds, they become aware of their bodies, of the space around them self and of the relationship between movements and sounds.

The workshop is given by Gaia Gonnelli. She is a italian choreographer, dancer and teacher based in the Netherlands. Gaia creates with her company [Dadodans | Gaia Gonnelli](http://www.dadodans.nl) in collaboration with [Dansmakers Amsterdam](http://www.dansmakersamsterdam.nl) multidisciplinary performances for the youngest children. She develops also workshops and educational projects. The workshop is related to her latest performance [Upside down](http://www.dadodans.nl). Her interest lies in increasing the creativity of children through the language of dance.
